No other pills can equal DeWitt's Little Early Risers for promptness, certainty and efficiency. McMaster Co., 400 Pearl Street, New York, N. Y.

—Miss Bessie Gafford, of Baltimore, has taken charge of the millinery department of Mrs. J. O. Boag.

—This has been another lively week. —Cotton coming in freely. Mr. W. H. Fleniken's purchases one day amounted to over \$27,000.

—Goldthwaite & Son., Troy, Ala., write: Textura's speedy cure of sores and eruptions upon the skin have been remarkable.—adv.

—Master Frank Jordan is one of the new pupils enrolled at Mt. Zion Institute. He is staying with his aunt, Mrs. John A. DesPortes.

—Max Sims, the second son of Mr. Sims, the night watchman at the cotton mill, is quite sick with appendicitis. He was taken sick on Sunday.

—This is the season when mothers are alarmed on account of cramp. It is quickly cured by One Minute Cough Cure, which children like to take. McMaster Co.

—Buy your cook and heating stoves from J. O. Boag.

—The governor on Tuesday appointed W. J. Keller magistrate at Feasterville in this county to succeed Mr. Hugh A. Stevenson who was killed on election day.

—A car of the famous Weber Wagons just received by W. M. Patrick, Woodward, S. C. If you want the best call and see them. They are up-to-date.

—The managers of the Winnsboro Racket Store have removed their damaged goods from the freight depot to their storeroom in the granite building and will sell them off there.

The best method of cleaning the liver is the use of the famous little pills known as DeWitt's Little Early Risers. Easy to take. Never gripe. McMaster Co.

—Mr. Q. D. Williford is very ill at his home and much anxiety is felt for him. He has been sick for several days. His friends hope for his speedy recovery. He was slightly better on Friday.

—Representative-elect John B. Morrison, of Fairfield, spent last Sunday in the city. "Jack" deserves to win and will be a diligent and attentive member of the Legislature.—Chester Reporter.

—Mr. Withers, of the Obeas Drug Company, will bring his family to Winnsboro shortly. They will make their home with Mrs. S. G. Martin. This family is cordially welcomed to Winnsboro.

—Miss Sitgreaves has returned from the north with an elegant assortment of pattern hats, which will be displayed at the proper season. See the nice line of ready-to-wear hats now for sale at Mrs. McCarty's.

—One hundred and forty-one pupils were enrolled at Mt. Zion Institute on Monday morning. The children have been classified and the schedules arranged and the school has now started in upon its regular routine.

For sprains, swellings and lameness there is nothing so good as Chamberlain's Pain Balm. Try it. For sale by McMaster Co., druggists.

—Mr. Ross Brown left this week for Edgefield to enter the South Carolina Co-Educational Institution at that place. He is a fine young fellow who will doubtless make a splendid record at college and he has the best wishes of many friends.

One of the exchanges reports that there are 1,000 cases of sore eyes among the children in Abbeville. This painful disease has been epidemic among the children here, and many are still suffering with it, but the worst of it seems to be over.

—Saturday was a busy day for the merchants and a good crowd was in town, a larger crowd, perhaps, than has been here on any Saturday this fall. A good deal of cotton was brought in, despite the fact that the price had dropped a little.

—If you are cross-eyed you had better go and see the oculist at the Hotel Duval. Eyes straightened without the use of the knife; cataracts removed without operation; also pterygium painless. Granulated eyelids cured no matter how bad or how long standing.—adv.

—On November 1st the hunting season opens, and the hunters are rejoicing that the time is growing so near. A new game law has recently gone into effect which prohibits the sale of partridges, and anyone found selling these birds will be liable to a fine or to imprisonment.

—The scarcity of eggs upon the market is a serious question for the housekeepers, and the scarcity has continued for an unusual length of time. Chickens are also scarce and the few that are for sale are in great demand. In consequence of the scarcity of these things the prices have risen.

—The Winnsboro Bank changes their advertisement this morning. They will advance on cotton stored in their warehouse at the rate of 6 per cent on any number of bales. This

# Be Careful

No woman can be too careful of her condition during the period before her little ones are born. Neglect or improper treatment endangers her life and that of the child. It lies with her whether she shall suffer unnecessarily, or whether the ordeal shall be made comparatively easy. She had better do nothing than do something wrong.

# MOTHER'S FRIEND

is the one and the only preparation that is safe to use. It is a liniment that penetrates to the outside. External applications are eternally right. Internal medicines are radically wrong. They are more than humbugs—they endanger life. Mother's Friend helps the muscles to relax and expand naturally—eases morning sickness—removes the cause of nervousness and headache—prevents hard and rising breasts—shortens labor and lessens the pains—and helps the patient to rapid recovery.

From a letter by a Shreveport, La., woman: "I have been using your wonderful remedy, Mother's Friend, for the last two months, and find it just as recommended."

Druggists sell it at \$1 per bottle.

change puts it in the power of any farmer to store his cotton and draw money on it at rate of 6 per cent.

—Miss Gussie DesPortes gave a charming party to her young friends on Monday evening at her home on Oak Hill. A number of guests were present and spent a delightful evening at this hospitable home. Miss Gussie left on the following day for college and her friends bade her goodbye with great regret.

—If you are in need of eye glasses, you had better call on the oculist at the Hotel Duval. Dr. Becker's many customers speak of him in the highest terms. He has already restored to sight people who were almost blind. His prices are very reasonable; he makes no charges for examination, and makes glasses in all the latest styles.—adv.

Do not get scared if your heart troubles you. Most likely you suffer from indigestion. Kodol Dyspepsia Cure digests what you eat and gives the rest to your stomach perfect rest. It is the only preparation known that completely digests all classes of foods; that is why it cures the worst cases of indigestion and stomach trouble after everything else has failed. It may be taken in all conditions and cannot hurt you. McMaster Co., druggists.

—On Tuesday morning Sheriff Ellison carried Tom Hill to Columbia to the penitentiary to serve out his sentence of 30 years imprisonment. The negro was to the last moment extremely defiant and at the station in loud tones abused the people of Winnsboro in no gentle terms. He is a desperate negro and it is a relief to the community to know that he is where he cannot do any more mischief.

—The Ladies' Memorial Association held a business meeting at Mrs. F. Gerig's on Tuesday afternoon and matters of importance were discussed. No definite decision has been reached about the design for the monument yet, and the committee has not yet held a meeting to discuss. The ladies are all anxious that the monument be erected as soon as possible and they will probably come to a decision shortly.

—So numerous have been the cases of jaundice in town this summer that it amounts almost to an epidemic. The doctors attribute the prevalence of this disease to the extremely hot and dry weather that we have had this summer. The disease has attacked both white and colored people, but more cases have occurred among the negroes. Only a few of the cases have been severe and the advent of cool weather will probably put a stop to it.

—The contribution to the Galveston sufferers which were received by Mr. T. F. Elliott at the Winnsboro Bank has been sent to Columbia to the State office to be put with the subscriptions taken up by the State. The amount contributed by the citizens was only \$20.70, a sum far smaller than should have been sent. Most of the other towns in the State have collected a great deal more than was contributed by the Winnsboro people and it is greatly to be regretted that we are so far behind them.

—Mr. George W. Bishop, claim agent of the Southern Railway, was in town on Wednesday and expressed to Capt. W. G. Jordan, chief of the fire

department, his appreciation of the splendid work done by the firemen at the fire on Tuesday morning. The firemen certainly deserve commendation for their work on this occasion. They worked unflinchingly and it is entirely due to their efforts that the fire did no more damage. At each fire that occurs in Winnsboro the firemen cover themselves with glory, and the citizens have the utmost confidence in them.

—The town council has decided to come down with a heavy hand upon bicycle riders who do not abide by the ordinance in regard to using lights on bicycles. This ordinance has not been strictly enforced recently and the riders have become careless, and very few wheels are provided with lanterns. It will be a good thing to enforce the ordinance, as the use of the lights will prevent accidents to both riders and pedestrians, especially on our side streets which are so poorly lighted, when on dark nights one has to group his way, and collisions could so easily occur.

—People who are inclined to be rather superstitious about fires in Winnsboro and who always look for a second fire after one has occurred were not surprised to hear the firebell on Thursday night. The alarm soon brought a crowd, but by the time the people had arrived at the scene of the fire it was out. The fire was in the Duval building and was caused by the explosion of a lamp. The flames caught a mosquito net and caused considerable excitement among the people in the hotel. It was quickly extinguished and very little damage was done.

When you cannot sleep for coughing, it is hardly necessary that any one should tell you that you need a few doses of Chamberlain's Cough Remedy to allay the irritation of the throat, and make sleep possible. It is good. For sale by McMaster Co., druggists.

—A large force of hands is at work upon the freight depot and the repairs are progressing rapidly. Already the burned platform has been removed and a new one partly built. On the building the workmen are also making rapid progress and at the rate that the work is now being pushed the depot will soon be ready for use. Some of the cotton is still smouldering and several times on Sunday it had to be put out. A watchman has been employed and there is not much probability that a fire will gain such headway again as that of last week.

—A number of commissioners for the South Carolina Interstate and West Indian Exposition have been appointed from the different counties. These appointments are made by the senators and the president and secretary of the State agricultural society. The following are the gentlemen who have already been appointed from Fairfield County: Messrs. J. W. Lyles and J. G. Mobley. Two more appointments will be made from this county, as the county board consists of four members. A meeting of these commissioners will be held on Thursday of next week in Columbia and it is most important that all of the members shall attend, as this meeting is to be held for the purpose of organizing.

—A frightful blunder. Will often cause a horrible burn, Scald, cut or bruise. Buckle's Arnica Salve, the best in the world, will kill the pain and promptly heal it. Cures Old Sores, Fever Sores, Ulcers, Boils, Felons, Corns, all Skin Eruptions. Best Pile cure on earth. Only 25 cts. a box. Cure guaranteed. Sold by McMaster Co., druggists.

DR. W. H. WAKEFIELD, of Charlotte, N. C., will be in Winnsboro, at the Winnsboro Hotel, on Wednesday, October 17th, for one day only. His practice is limited to eye, ear, nose and throat. 9-27d

—If your eyes burn, smart, feel sticky in the morning, pain or itch you, or if you have tears in your eyes, spots flash before your eyes, or you have your reading too near, or too far, or strong light hurts your eyes, or you have headaches, call and see the oculist at the Hotel Duval. 18 years' experience. No charge for examination.—adv.

MR. WELLES RETURNS THANKS. Columbia, Sept. 27, 1900. Mr. W. G. Jordan, Chief of Fire Department, Winnsboro, S. C.: Dear Sir—I write this to express to you our appreciation of the excellent service rendered by yourself and the others concerned in fighting the fire at our depot, morning of the 25th inst. Yours truly, P. I. Welles, Superintendent.

NOTICE TO BICYCLISTS. We are having a great deal of complaint from citizens about the total disregard of bicycle riders to the bicycle ordinance, especially those riding without bells and lanterns at night. Now we do not wish to be hard on the bicyclists, but we have some citizens that do not ride wheels. If you appreciate the privileges of sidewalks, which you now have, observe the ordinance or the council will be compelled to put you in the street.

J. E. Coon, Intendant.

Mrs. Wylie and children and Miss Moseley Wylie, of Winnsboro, are visiting Mrs. J. F. Clyburn.—Lancaster Ledger.

Our quiet little town was aroused on Friday night about 12 o'clock by the alarm of fire. Upon reaching the scene it was discovered that the large and commodious barn and stables of Mr. T. G. Patrick, within eighty feet of his store, were in flames. The people for several miles came promptly to the rescue and worked faithfully to extinguish the flames. Fortunately the wind was blowing from the northeast. If it had been blowing from the east the store, depot, cannery, factory, a large warehouse and about one hundred and fifty bales of cotton would have been consumed. Capt. H. H. Goza and W. E. Nob, employees of the Southern Railway Company, did noble work in saving the company's buildings. The barn and stables contained three fine horses and one mule and from 700 to 800 bushels of

If your eye-glasses do not exactly fit you, or you need a pair, be sure and avail yourself of the opportunity to have each of your eyes fitted correctly by Dr. Becker, the German oculist, who is now and for a short time only at the Hotel Duval. His optical parlor is fitted with the latest and best instruments known to science. No charge for examination. The doctor will call at old people's houses free of charge if they cannot come to him.—adv.

A Monster Devil Fish. Destroying its victim, it is a type of Constipation. The power of this monstrous malady is felt on organs and nerves and muscles and brain. There's no health till it's overcome. But Dr. King's New Life Pills are a safe and certain cure. Best in the world for Stomach, Liver, Kidneys and Bowels. Only 25 cents at McMaster Co.'s drug store.

A BEAUTIFUL MILLINERY DISPLAY. The Caldwell Dry Goods Co. are in the midst of their millinery opening, and the beautiful hats on exhibition are daily viewed by admiring crowds. The young ladies in charge have arranged the hats, ribbons, velvets, etc., with great skill and in such a way as to show them off to the best advantage. The room devoted to this department has been decorated in a most tasteful and artistic manner, and it is attractive in the extreme. The hats are very stylish and a prettier collection has never been shown in Winnsboro, and there are hats to suit young and old. The young ladies in charge give a cordial welcome to all who call to see the stock and want all of their friends to bear in mind that the opening continues until Saturday.

For Over Fifty Years. Mrs. Winslow's SOOTHING SYRUP has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It will relieve the poor little sufferer immediately. Sold by druggists in every part of the world. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. 1-17

DEATH OF MR. A. L. PORTER. Mr. A. L. Porter died at his home in this place at 12 o'clock Wednesday night. He has been ill for months with consumption and his death was expected. Mr. Porter was a native of Ridgeway, but has made his home in Winnsboro for years, and was very highly respected and esteemed by all with whom he was associated. Mr. Porter's wife and five children and his mother survive him.

The funeral services were held at the Baptist church on Thursday afternoon at 4:30 o'clock, and the remains were interred in the Episcopal cemetery. Messrs. Lawrence and Ed. Porter, who had been sent for on account of the critical illness of their father, were here when he died.

MRS. MARTHA CREIGHT DEAD. Mrs. Martha Creight died at the home of her son, Mr. W. B. Creight, on Friday morning at about eleven o'clock. She was sick but a short time, having been taken sick only on Tuesday afternoon. Although the family did not expect her to recover, it was not thought that the end was so near, and her death was a great shock. Mrs. Creight was about 87 years of age, and was one of the oldest people in Winnsboro. She was a gentle and lovable person and her death has caused much sorrow. She has spent her life in Winnsboro and is closely identified with the place. Mr. and Mrs. W. B. Creight with several grandchildren and great grandchildren survive her. The funeral services were held on Saturday morning at 10 o'clock at the Presbyterian Church.

Dr. W. H. Lewis, Lawrenceville, Ga., writes, "I am using Kodol Dyspepsia Cure in my practice among severe cases of indigestion and find it an admirable remedy. Many hundreds of physicians depend upon the use of Kodol Dyspepsia Cure in stomach troubles. It digests what you eat, and allows you to eat all the good food you need, providing you do not over-load your stomach. Gives instant relief and a permanent cure. McMaster Co., druggists."

FIRE AT WHITE OAK. Our quiet little town was aroused on Friday night about 12 o'clock by the alarm of fire. DEPT. AND COTTON BURNED. A few minutes after 3 o'clock on Tuesday morning cotton on the freight depot platform was discovered in a blaze. Those who first saw the fire say that a few bales in the southeast corner of the depot were seen burning. The roof of the depot projected some little distance over the platform. When the fire was first discovered the wind was blowing from a southeasterly direction, and the projecting roof was soon caught, and shortly the wind changed almost east and the fire rushed across the bales of cotton on the platform. Repeated efforts were made to turn in an alarm of fire over the telephone line, but without success. It was at an hour when everybody sleeps soundly and people seemed slow in reaching the fire.

The fire spread rapidly until the flames reached the depot building, and licking through a small grated window in the southern end, ignited the freight stored within. In a few moments the interior of the building was a roaring mass of flames. The engines could do little to check the fire within the depot, so the firemen confined their work principally to preventing the spread of the fire to the northern end of the platform where a quantity of cotton was. Several freight cars were in danger and one or two caught fire, but the flames were extinguished and the cars rolled to a safe distance from the platform.

About 600 bales were on the platform at the time of the fire, and of this number about 183 were burned. The greatest quantity of freight was destroyed, and the interior of the depot on the morning after the fire was a sight to behold. Dry goods, heavy and fancy groceries, fruits, candies and school books, millinery and stationery were piled together and hopelessly mixed up on the floor, burned and ruined. An unusually large amount of freight had been unloaded the night of the fire and almost every merchant in town lost something. All of the stock for the new store (the Winnsboro Racket) that is to be opened here were destroyed in the fire.

About \$15,000 worth of property was burned, nearly all of which is fully covered by insurance. The depot was practically fire-proof, having very little woodwork about it, so the injury to that is not very great, and it will probably be repaired at a very early date, as the freight agent will be put to serious inconvenience in the meantime.

The origin of the fire is unknown, but it is probable that a spark from a passing engine was the cause. The fire is still smoldering and requires constant watching.

DOES IT PAY TO BUY CHEAP? A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure, not merely suppress and delay the results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the Oxyremedy, a cure for all throat and lung troubles. It is not only a powerful expectorant, but it is a good night rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. For sale by McMaster Co., druggists.

Rabb vs. Southern Railway. Verdict for \$100 in favor of plaintiff.

Johnson vs. Southern Railway. Verdict for \$100 in favor of plaintiff.

Messrs. Ragdale & Ragdale represented the plaintiffs in the above cases. L. M. Blair vs. G. B. Morgan, Messrs. Hanahan and W. D. Douglas for plaintiff and Ragdale & Ragdale for defendant. This case was not concluded at time of going to press on Wednesday.

The case of L. M. Blair & Co. vs. G. B. Morgan resulted in a verdict in favor of defendant. Messrs. J. W. Hanahan and W. D. Douglas for plaintiff and Messrs. Ragdale & Ragdale for the defendant.

Alva E. Powell vs. Southern Railway Co. was the next case tried. A. S. & W. D. Douglas represented the plaintiff and Maj. D. R. Duncan the defendant. Verdict for plaintiff for \$150.

McBride Smith vs. Southern Railway Co. was the last case tried. Ragdale & Ragdale for plaintiff and Maj. D. R. Duncan for the defendant. At the time of going to press the jury had not agreed.

"It Happened in a Drug Store." "One day last winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in stock," says Mr. C. R. Grandin, the popular druggist of Ontario, N. Y. "She was disappointed and wanted to know what cough preparation I could recommend. I said to her that I could truly recommend Chamberlain's Cough Remedy and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it better than any other remedy I would refund the price paid. In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's Cough Remedy. I can truly recommend the remedy." It is for sale by McMaster Co., druggists.

COMING AND GOING. Miss Lou Dwight returned to Columbia on Monday.

Miss Jennie Rosborough went to Columbia on Monday.

Miss Marian Utes is visiting her sister, Mrs. J. W. Seigler.

Cold Steel or Death. "There is but one small chance to save your life and that is through an operation," was the advice of a prominent physician, who, after a long and dangerous operation, said to a patient who was suffering from a severe case of stomach trouble and yellow jaundice. He didn't count on the marvelous power of Electric Bitters to cure stomach and liver troubles, but he heard of it, took seven bottles, and was wholly cured, avoided surgery's knife, now weighs more and feels better than ever. It's positively guaranteed to cure stomach and liver troubles. Price 50c at McMaster Co.'s drug store.

AN UNBELIEVER. They say the world is growing worse, I don't believe it, though. They say men worship but the purse, I don't believe it, though. They say that greatness is no more, That all the wise have gone before And only fools are in store— I don't believe it, though.

They say there are no saints to-day, I don't believe it, though. They say we tread a downward way, I don't believe it, though. They say there's only gloom ahead, They say men's sweetest love are fled— I don't believe it, though.

Men had their troubles long ago, And that's what I believe; The Lord still loves her below, And that's what I believe; Old Homer, of the sightless eyes, And Caesar, he's not other skies, But greater men than they will rise. And that's what I believe.

The world grows sadder day by day, And that's what I believe; The good have not all passed away, And that's what I believe; Though many a one we loved is gone, Fond hearts and true are beating on, The happiest days are still to dawn. And that's what I believe.
